

The background of the entire page is a repeating pattern of small, stylized flowers. There are two main types of flowers: one with five red petals and a green stem with two leaves, and another with five light pink petals and a green stem with two leaves. These flowers are scattered across the page in a random, repeating fashion. On the far left edge, there is a vertical pink border with a scalloped or wavy edge.

Spring & Summer

2025

Meri Meri

A Parisian-inspired Valentine's! Ditsy floral prints with neon pops! A super elegant Easter collection in soft spring pastels! Spring/Summer '25 brims with vintage charm. Our design team has drawn inspiration from Victorian wallpapers and antique textiles, reinventing them into elegant striped rosebud prints on plates, cups, and napkins, as well as heart-shaped suitcases, perfect for gifting. There's also an adorable new grey bunny who pops up on Easter tableware in a cute cameo print, and on the sweetest Easter garland.

Spring brings an array of new gifts, including cute Valentine's notes and eraser sets arriving in silver boom boxes, instant camera boxes, or fruit basket boxes—perfect for kids to share with their classmates. There are stylish new paintbrush stripes on pastel-hued tableware and the most delightful ditsy floral print that feels fresh for 2025, alongside new on-trend broderie anglaise tableware.

So many reasons to smile!

We Care

We are committed to doing our best when it comes to the environment. We use FSC® certified papers and wood wherever we can, and our commercially compostable range is dyed with water-based ink and certified by the Biodegradable Product Institute.

We are constantly evaluating our products and turning our attention to more durable materials. Our reusable tableware collection expands with new melamine pieces made to endure party after party. Fabric decor and paper garlands are designed for reuse, neatly returning to their box for future celebrations.

Our knitted toys and baby accessories are made using organic cotton – keepsakes that can be handed down. Our product team is constantly researching new materials and technology as they become available. We are always looking for ways to reduce packaging sizes to support our ethos of high-quality products that live on beyond the party.
