miffy & friends collection

As a Dutch design studio founded to design minimalist products for contemporary homes, we completely resonate with the vision of the renowned artist Dick Bruna. Both attracted to minimalism and simplicity.

Dick Bruna drew his first miffy character in 1955, his best known and most popular character. Expanded with a beloved range of characters, the family and friends of miffy.

We are delighted to turn the iconic children's illustrations into an exclusive collection of 3D textured woolen rugs and jaquard-woven blankets. A cuddly series of rugs and blanket, made from 100% New Zealand wool.

100% **New Zealand wool**

The Maison Deux rug collection is hand-tufted from high-quality 100% New Zealand wool by artisans from India. This natural and durable material is super-soft underfoot.

3D textured

The woolen kids rugs feature different levels of pile heights with carved accents to create a subtle 3D effect. A unique 3D texture that pops right off the floor. This beautiful technique adds a sensory and fun element to the rugs and brings the design alive.

fairtrade

With a solid commitment to having the least impact on our planet, Maison Deux uses 100% natural or recycled materials. In addition, the production process is fully optimized to contribute to the UN's Sustainable Development Goals.

As part of our commitment to ensure our products are contributing to a social and sustainable future, we work with labels like Woolmark, OEKO-tex, and GoodWeave.
